The Attorney General of New York re-
signed recently after *The New Yorker* pub-
lished a story about him abusing women.

His defense is the behavior was part of
consensual sexual role playing. That turns
out to be false. What a surprise. This is a
common defense to claim the victim was
"into kinky sex" when in reality, they never
saw the slaps to the face coming. Or the
choking. Or the spitting. Another nauseating
demand is to keep the abuse secret.

With any scene, you need to have ne-

gotiated all details well in advance. Chok-
ing and slapping is not something that
you spring on someone unannounced.
Abusers who are trying to groom and in-
timidate behave this way. If you find your-
self in this situation, run fast and call the
authorities.

Real scene players communicate effec-
tively, establishing limits together *before*
the whip flies. Be safe or be gone. What
have you got to lose? Everything.

When did you start fetish modeling?

I started around two years ago in the porn industry, and I started doing bondage work right away. It was something that always interested me. Actually one of my first scenes was with bondage. It wasn't too aggressive, but I instantly loved it. I was very comfortable being tied up, and I'm not claustrophobic. Throughout the year I did a little more BDSM, and so far, everything I've learned I like. I don't know a lot about how to tie the ropes, but that's something that would be cool to learn in the future.

Had you ever done any kind of bondage play with any boyfriends before?

Not really. I only had experienced being told to hold up my arms or something like that during sex, but never used any real restraints before I got into porn. Mainly because I never trusted anyone enough to do that with. I just didn't know anybody who knew enough about bondage for me to be comfortable.

How did you like being spanked?

I enjoyed it! I always have to remind myself to relax, and then I'm fine.

What is the wildest thing you've ever done on set or in front of a camera?

I worked for kink.com and they put me in restraints that tied my hands to my feet. It was my left hand to my left foot, and then I was put upside down and then fucked in the ass. That was really cool. Then I've done some stuff for companies on the East Coast, and that was the most kink I've done, with the cuffs, ropes, suspension in midair and gagged.

Have you ever been pissed on or pissed on someone?

I've done pissing scenes before, but I've never pissed on anyone, and I was only

pissed on by accident. It was another girl who accidentally pissed on me because we were pissing next to each other and our streams crossed. LOL! A happy accident!

What do you think about anal sex?

Well, I discovered that I liked anal when I was 15. I actually lost my anal virginity before I had vaginal sex. It was with a hot guy that I liked but wasn't dating. I didn't date much in high school because there was too much drama at my school. He was a senior and I was a freshman, and he thought I *wasn't* a virgin, but I was. I was lying to everybody saying that I wasn't a virgin, and I wanted to impress this guy, so when we went out one night, he asked if I would do anal, and I was like, Sure! I loved it from the first time!

What kind of fetishes do you like, and do you have an interest in fetish in your private life?

Well, when I shoot scenes for work I really get off on doing incest stuff. But other than that, I love anything with choking and slapping in the face. I love the way it feels to have someone very dominant over me, but the only thing I don't like is being spit on.

What kind of "incest stuff" are you into? What storylines do you think are hot?

I'm into the daddy and mommy stuff. Brother and sister stuff is cool too. The odd great-uncle! LOL! I'm an only child, so I don't mind that kind of thing.

Do you consider yourself to be an exhibitionist?

It depends on my mood, but when I go out I like to get all dolled up and look sexy.

Why did you want to shoot for TABOO?

I've never really shot for a magazine before, and I love the photos in TABOO!

Seeing the bulging enema bag dangling from the tree branch, Sasha knows what's in store, and the idea of doing it outdoors practically makes her wet her panties. That would be easy enough, since she's been denied bathroom privileges all day and her bladder is ready to burst. But she knows better. Instead, she stays obediently still while he expertly lashes her to the tree trunk. A rude spurt of milk splatters her face, making her laugh, even though it causes her to clamp down on her sphincter tightly to hold in her golden juices.

At least the milk is warm, but he lets it in just fast enough for her to feel the sudden fullness of her ass guts without actually cramping them. Sasha does appreciate his expertise. The hemp cinching her abdomen localizes the distension with fiendish effectiveness. He doesn't have to wait long for the torrent of pleas and promises that earn her the right to release. Beyond all shame, she lets loose and soaks the grass with a mixture of piss and milk, finally relieving herself at last.

When did you start fetish modeling?

Just last year. August 2017 was my first time shooting fetish.

What kind of fetishes do you like, and do you have an interest in fetish in your private life?

I like the foot fetish. It's funny, because I didn't like feet, but my agent told me about a foot-fetish scene. He asked me to try it, and I did, and I was turned on by it! I also like bondage and BDSM.

What do you like about foot fetish?

I like the sensual touching, but not tickling. I like the rubbing and sucking...when he had my toes in his mouth, that was *really* hot! Overall, I like being tied up and worshipped. It's really hot!

Why did you want to shoot for TABOO?

I thought it would be fun, and I really like trying new things. I love the idea of being in the only high-end fetish magazine, too!

Have you ever been spanked?

Yes, I have, and I liked it! I also like spanking girls.

What is the wildest thing you've ever done sexually?

I rimmed a guy while a girl was rimming me. We didn't plan it, it just sort of happened in the heat of the moment. That was the craziest thing, but it was off-camera.

Have you ever been pissed on or pissed on someone?

Yes, but *not* on camera.

What do you think about anal sex?

I would like to try it. For me, it's something that I'd like to try in my personal life first. I want to be comfortable with it. I was telling my boyfriend that, when I do anal, I want to be able to *really* take it.

Are you more interested in the art of fetish modeling or the sex of fetish porn?

Both. I've done a lot of smoking fetish, and I really like those. I think it looks so pretty in photos.

Are you in a fetish lifestyle partnership or would you want to?

Yes, I am, and I would like to learn more! I'm interested in learning new ways to turn guys on!

Is there anything you'd like the TABOO readers to know about you?

I love to try new things all the time! If you have some ideas, let me know!

When did you start doing porn?

Well, I've been camming for a year and I've only been in the industry for a month. I love it! It's so much fun and I'm so happy that I got this opportunity.

How did you get into fetish modeling?

I always watched a lot of porn growing up. After watching porn obsessively eventually I started to get curious about fetish. I started getting more and more into fetish stuff. I love spanking, leather, bondage. I love all of it! Fetish is #1 for me.

Do you have any bondage experience?

I have rope bondage experience. I was tied up for a competition. We got second place! It was super fun. I've done leather but not latex. I've always wanted to wear a really sexy latex dress.

Do you consider yourself a "switch"?

Yes, I like to switch from sub to dom. I love being a sub, I like the attention. But I also really like being a dom. The most important thing is trust. I like to create that type of bond with the other person. They can feel comfortable trusting that whatever I decide to do, it's going to be good for them and pleasureable. If it's the other way around, I want to be treated like a princess, but fucked like a whore!

When you work with women do you find yourself being more submissive or dominant?

I like being dominant with both men and women but I really like being dominant with women the most. I know what women like and what kind of energy they need. I love worshiping women, too.

What do you fetishize in your personal life?

I really like spankings and I think it's super fun. I like calling my partner daddy or mommy and I love being told what to do. I've always really been into getting tied up, too.

Have you ever been pissed on or pissed on someone?

No, I have not. I've never done anything with peeing. I'm not a big fan of it; but I've never tried it. I think peeing in a glass vase or something would be fine...it's kind of like an arty way of peeing.

Why did you want to shoot for TABOO Magazine?

Most of my favorite porn stars that I watched all the time were in TABOO. I fell in love with it and I like the way they looked. So when I heard that I was going to get to shoot with TABOO, I was thrilled!

ANAL ADVISOR

by Tristan Taormino

PHOTOS BY LEE FORBES

dear anal advisor

It's embarrassing for me to write this letter because this is the first time I've admitted to anyone that my husband and I have anal sex. I'm getting past the pain and learning to enjoy it. However, a friend told me that you can eventually get colon cancer and other things from letting a man come inside your butt. Is this true?

—a little scared

dear scared

The rectum is made of delicate tissue that can have minute tears in it, allowing easy access to the bloodstream. If you two are monogamous, and he has tested negative for sexually transmitted diseases (STDs), then he can come in your ass without putting your health at risk. If you are not monogamous or don't know his STD status, he can possibly transmit gonorrhea, chlamydia, syphilis, herpes, human papilloma virus (HPV, also called anal warts), HIV or hepatitis by coming in your ass. There is no definitive link between semen in your butt and colon cancer. However, according to the National Cancer Institute, contracting HPV in the ass can increase your chances of colon cancer. Some studies suggest that other STDs and trauma to the anal canal and rectum—which might result from not using lube or warming the ass up properly—could also lead to rectal or colon cancer.

dear anal advisor

My girlfriend and I have been dating for over three years. When we first got together, she let me fuck her in the ass a

couple of times. She never had an orgasm during anal sex, but I know she enjoyed it. We always used tons of lube (generally Astroglide), I always went very slowly, and my cock is a pretty average six inches long and not too thick. Then, one day, I was forbidden to enter her ass. I have played with her ass and licked her ass while I'm going down on her. There is no doubt that she likes this, and if I finger her ass at the moment of orgasm, it almost always pushes her over the edge. A month or so ago, she said we could try anal sex again, which we did several times, again using lots of lube and going very slowly. She never complained that it hurt, but she said at times it made her feel nauseous. She seemed to be more focused on getting through the act than trying to enjoy it. I attempted to persuade her to play with her clit to enhance her pleasure, but she just wouldn't go there. Then she stopped the anal sex again altogether.

I'll be the first to admit this is my issue. I think I have a bit of an ass fetish. I really want anal sex to become part of our sex life, and not only for me, but because I know she likes it too, when she lets herself. There is no doubt in my mind that her aversion to this is all mental. She's a "good girl" and thinks anal sex is something that she shouldn't want. She isn't totally averse to anal play, as she admits that sometimes she does like it when I finger her ass and will sometimes finger mine during a

blowjob or a handjob.

First, what can I do to put her mind at ease and let her know that it's okay to enjoy anal sex and she's not a freak for getting pleasure from her ass? Second, is there any way to ease the feeling of nausea?

—help me with her mind-body issues

dear help

Because anal sex stimulates the rectum, it can also stimulate the colon and intestines, sometimes producing a mild stomach ache. She should avoid eating right before anal sex. Some positions, like doggy-style with her ass up and head down, may exacerbate the problem, so you can experiment with different positions to see if some ease her physical discomfort.

Her abrupt starts and stops with anal sex seem to surprise and confuse you, and you need to ask her why she's put the kibosh on it several times now. It also seems like anal play is okay with her, but anal intercourse is not, and that needs to be addressed. It's troubling that you believe she wants to get through it rather than enjoying it, since it sounds like you're doing all the right things to make it pleasurable for her. If, as you believe, this is "all mental," perhaps you can help her talk through some of her issues. Many people have hang-ups about their asses and anal pleasure based on myths and stereotypes. She needs to let go of her judgment of herself and her concern that some sexual things are normal and others aren't. If she

feels kinky or perverted for having anal sex, assure her that lots of people do it, and it's just another source of sexual satisfaction. The tricky part is that she needs to believe you, which you can't make her do. I would also encourage you to explore why she has trouble letting go or being vulnerable during sex, because that may be a component of what's going on. Open up the dialogue, and be as encouraging and noncritical as you can. Help her figure out what her hesitations are all about and how to work through them. If she's open to it, you might want to try couple's counseling with a therapist who has experience in sexual issues.

dear anal advisor

I have enjoyed anal sex with about 20 guys now. By using lots of lube and following my "three finger" rule (no cocks enter before at least three fingers have opened the back door), I haven't had any pain. If I did, the session would be over. Pain is a signal I wouldn't ignore. Now my current boyfriend has agreed to my suggestion that he fist me. I told him that I will be calling the shots throughout. My plan is simple. You know those Russian matryoshka dolls that nest inside each other? I will do the reverse of that with dildos, starting with a very small one, then working my way up to one the size of a tennis-ball can. I'd like my virgin fisting to happen at a party with a few other guys watching. That's part of my fantasy. They will probably be in the mood for sex, and I'll be blissed out and certainly open enough for them. My question is: Do some people with the stamina go for anal sex after fisting?

—ready to make the leap to fisting

dear fisting

I love your "three finger" rule! Very smart. It sounds like you've got a good plan for your first fisting. I appreciate your willingness to take control and use toys that graduate in size to warm up. Make sure to use plenty of lube, and don't be disappointed if it doesn't happen the first time around. You've got to respect your ass and go at its natural pace. As for your post-fisting romp, I applaud your sharing your fantasy of a little gang-bang after the fist—a combination of two very intense activities. However, much as I hate to burst your bubble, I'm not sure your desire is realistic. Most people I know who are fisted do feel blissed out, but they also feel tired and sore, not exactly ideal conditions for having a bunch of

cocks in your ass, one after the other. Fisting is a process that requires patience and lots of warm-up. It will most likely leave your ass ready for a few days vacation, especially after your first time. I suggest you try to rework your fantasy and see if you can come up with some alternatives. Maybe they can all watch, then fuck your pussy or get blowjobs from you. Use your imagination to expand the parameters. I'm not saying your fantasy is impossible, but until you get a lot more experienced with fisting, take it slow.

dear anal advisor

I'm a guy, and, over the years, I have occasionally anally stimulated myself with my fingertip during masturbation. I recently convinced my wife to try a strap-on with me. As I expected, I enjoyed both the physical stimulation and the psychological joy of giving myself up to her as the penetrator. But try as we did, the butt-fucking could not get me to orgasm. It felt incredible, but it was also a little disappointing. Is it a matter of working up to a larger dildo?

—on the edge

dear edge

Direct prostate stimulation can lead to a great deal of pleasure, orgasm and ejaculation. The prostate is only a few inches inside the ass and toward the front of the body. With a five- or six-inch dildo, you're definitely going to hit it, so a longer toy isn't the answer. You may want to try a curved dildo for more focused prostate

stimulation (aiming the curve toward the front of your body) and see if that makes a difference. If you've masturbated to orgasm

with anal penetration, the combination of the two may be what your body most expects. Add penis stimulation as she fucks you to help you over that edge to orgasm.

When did you start fetish modeling?

This is actually my first time doing fetish modeling.

How did you discover that you could squirt so well?

I think it was about a year ago after having incredible sex. Then I started doing it more and more, just kind of let it happen. I don't interfere with the natural process. I've been told I have amazing squirting powers.

How did you feel the first time you did it?

It felt like a really incredible orgasm, the most intense ever. I was soaked, the bed, the other person, everything. It was wild.

What kind of fetishes do you like and do you have an interest in fetish in your private life?

Other than squirting, I like trying different toys. I like to experiment, I'm curious. I find that I really like latex, the way it feels and looks. I also like leather, shoes and warm candle wax.

How did you get into the adult business?

My friend invited me to do it. She had just started doing it and thought I might be interested. She was right!

Have you ever been spanked?

Yes! I got spanked by a professional at the AVN convention and I really liked it. I learned the correct way to spank that day and have never looked back!

Have you been spanking other people since then?

Yes! I love spanking girls with beautiful booties. Sometimes my girlfriends and I get together, we listen to music and have fun spanking each other. I taught them how to properly warm up the booty and tease rather than just hammer away. Great spanking is a major turn-on. I wish I had discovered it sooner!

Do you girls have sex after the spankfest?

Of course! That's the whole point!

What do you think about anal sex?

I just started doing anal, so ask me in a year or so. Right now, it still hurts a little. But I still like it! I'm learning to relax and enjoy it; but I have to be in the mood.

Do you consider yourself to be submissive or dominant?

I like being submissive sometimes, so I guess I'm a switch. I do like to spank my girlfriends and cane the occasional bad boy!

**TIFFANY &
CHOKEY**

**DISPLAY OF
PLEASURE**

Photography
LEE FORBES

A man in a white dress shirt and a patterned tie is pointing his right index finger towards the buttocks of a woman. The woman is kneeling on a wooden floor, wearing black high-heeled sandals and a black collar with a gold padlock. A chain is attached to the collar. She is wearing a patterned skirt. The background shows a doorway and a wall.

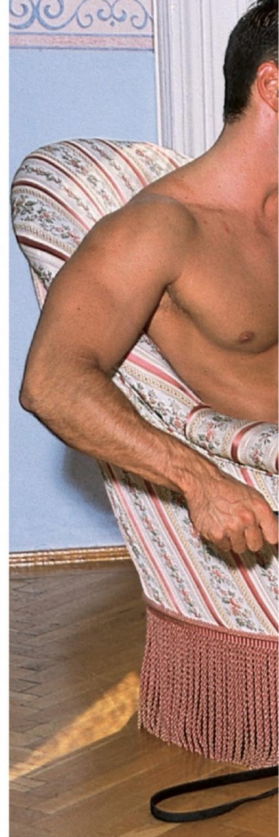

PURPLE WITH SHAME,

Tiffany laps delicately from her water dish, bare ass upraised for Chokey and the world to admire. Knowing the jaded denizens of the ancient city would understand her situation so well only makes it worse. A quick jerk on the leash brings her to a proper kneel. Pleased by her seriousness, he lifts her onto her heels, spreads her tail feathers and whispers something rude. Tiffany offers her rump to the dressage gladly to earn the reward he offers. It stings like an angry hornet, striping her velvety flesh with each stroke, but at least it's a temporary distraction from the dripping and throbbing between Tiffany's thighs. Properly sullen and pouty, she squirms into his lap for a final few swats, administered with a hand as hard as the rod poking through his trousers. He doesn't make her whine for it long before unzipping and packing her pretty face. Amused by her noisy, hungry slurping, he invites her to play in his lap, staking herself on his spear and wriggling lasciviously, showing off her thick, swollen clit.

Pushing Tiffany to the floor with lewdly inserted fingers, he helps himself to a taste, tickling her clenching rectum while he laps and nibbles each juicy part. Something about being shown off brings out Tiffany's most animal needs. She chews the end of the whip and humps back at his invading cock, working them both up to a pounding peak. He waits for her like a gentleman, then yanks her up by the hair to unload into her gulping gullet.

Maybe he should send her back outside before he lets her wash it off. Good idea.

A blonde woman with wavy hair is the central figure. She is wearing a brown leather collar with a metal ring and has her wrists cuffed together above her head with matching leather straps. She is looking directly at the camera with a neutral expression. She is wearing light blue lace underwear. The background consists of dark wooden beams and a large window on the right side showing an outdoor scene with trees.

IN THE NEXT ISSUE OF HUSTLER'S TABOO®

Poor little Lexi Lore. Tied and chained in the abandoned clubhouse, she whimpers only to the surrounding outdoor creatures. But soon, her tormentor returns. With every orifice defiled, the young captive opens up to reveal her inner secrets.

Chas Krider returns next issue with a mysterious woman sporting an eyepatch. This intriguing one-eyed lady has no problem displaying her luscious flesh for all to ponder and lust after.

More fetish girls, video reviews and holiday treats are in store, so don't miss out. See you next time!
